To Whom It May Concern,

The City of Wellston has been utilizing Scioto Energy as its electric procurement management team since 2010. We have elected to utilize their services for a second time and renewed our relationship with Scioto. The City of Wellston has also launched a residential program through Scioto Energy for our residents. Scioto Energy has proven to be a great energy procurement and risk management team and the City is happy with the actual savings it has enjoyed since migrating away from AEP. We are glad to be working with Scioto Energy.

Regards,
